

5 November 2025

Dear Parent/Guardian,

We are looking forward to another great year of teaching and learning and would like to advise you of Mullum Primary School's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard curriculum requirements, and we want to assure you that all contributions are voluntary.

Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. Thank you for all your support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer. Essentially, it is your contributions that allow us to provide opportunities and support above and beyond the traditional educational experience.

Your contributions help bring our school to life by supporting:

- A steady supply of classroom and general stationery, keeping every student ready to learn.
- Exciting class novels and take-home books that spark imagination and a love of reading.
- A wealth of classroom resources, materials, digital tools, and consumables that make learning hands-on, creative, and fun across all subjects.
- Student Wellbeing Programs that nurture a positive, caring, and inclusive school environment.
- The ongoing care, improvement, and beautification of our school grounds and facilities, creating a space we can all be proud of.

Your support allows us to offer a wider range of subjects and special curriculum experiences; enhanced digital learning opportunities; additional library resources; and continuing to develop and upgrade our school's facilities.

Yours sincerely,

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) including the VCE Vocational Major and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
